For more than fifty years, the Brewster School has stood as a center of learning in our community. Hundreds of students have gone out from this school to take their places in colleges, vocations and jobs. The records of achievement which have come to them, indicate that the Brewster School was and is an institution of learning of which any community might be proud to call its own.

Yes, Brewster School stands as a monument to education. Figuratively speaking, we may say that its protecting walls have been a shield against the ill winds of illiteracy; its doors have opened the way to learning; its windows have let in the light of knowledge and truth; its roof has withstood the storms of intolerance. Within its walls, its warmth has served as a friendly heart, radiating trust and friendship among students and teachers.

And so - in appreciation to all who have helped to maintain the
Brewster Schools--

To the Board of Education which made our education possible--
To the Administration which sponsored our education--
To every teacher who has taught in the class rooms--
To the principals who have guided us--
To all other school personnel--

To the parents and patrons who have inspired us--
To this community which has supported us--

To every wholesome and uplifting influence which has helped to make the Brewster School what it has been and is - we, the editors and staff of the Bulldog dedicate this annual.

Go a really neat girl & one
of my best friends. Remember
all are the fun we've had
together. Maybe someday
we'll get to go to university
with our plane. (Will maybe someday)
I can't wait till you're 16 & we get
to go to the show & have a girls
night on the town. Don't
forget the Sand Pile. Lots of
luck.

Tea,
that a girl
fun is really
with. To be around

P.S. Don't forget the hand to tip
to Dodge City. Ed's probably
still washing windows!
